

## We need your help!!

### Please help us protect the life in our ponds

Birds , amphibians and invertebrates will be finding nest sites and preparing to breed to continue the life cycle of the pond.

#### What can you do to help?

- ◆ Please keep dogs out of ponds. Keep them on a lead if you're not confident of your recall.
- ◆ Stick to main paths
- ◆ Take your litter home

**Thank you for your cooperation** and if you would like more information on the management of Epsom Common please call 01372 732000 or email [contactus@epsom-ewell.gov.uk](mailto:contactus@epsom-ewell.gov.uk) and ask to speak to a member of the Countryside Team.

#### Why do we need your help?

- ◆ Disturbance prevents birds from nesting and is damaging to plant life and invertebrates.
- ◆ The wildlife helps give Epsom Common its legal protection. By looking after it, we can all help to ensure **this protection stays in place.**
- ◆ Flea and tick treatments can be toxic to invertebrates.
